**FOURTH AND FINAL FEE APPLICATION OF
MESIROW FINANCIAL CONSULTING, LLC FOR
COMPENSATION AND REIMBURSEMENT OF EXPENSES AS
FINANCIAL ADVISOR TO THE EXAMINER
FOR THE PERIOD JULY 24, 2012 THROUGH OCTOBER 31, 2013**

Mesirow Financial Consulting, LLC (“MFC”), financial advisor to Arthur J. Gonzalez, the Court-appointed Examiner (the “Examiner”) for Residential Capital, LLC and its affiliated debtors (collectively, the “Debtors”) in the above-captioned cases (the “Chapter 11 Cases”), hereby submits this fourth and final fee application (the “Fourth and Final Application”) for allowance of compensation for professional services rendered and reimbursement of expenses in connection with MFC’s services to the Examiner.

This application seeks final allowance and approval of compensation for services rendered by professionals and reimbursement of actual and necessary expenses incurred, as described more fully herein, for the following periods:

- i. May 1, 2013 through October 31, 2013 (the “Fourth Interim Fee Period”); and
- ii. July 24, 2012 through October 31, 2013 (the “Final Application Period”)

² The names of the Debtors in these cases and their respective tax identification numbers are identified on Exhibit 1 to the Declaration of James Whitlinger, Chief Financial Officer of Residential Capital, LLC, in Support of Chapter 11 Petitions and First Day Pleadings, filed with the Court on May 14, 2012. Additional subsidiaries and affiliates of the Debtors may file Chapter 11 petitions on a rolling basis. As used herein, the term “Debtors” includes any such entities.

PRELIMINARY STATEMENT

1. By this Fourth and Final Application and pursuant to sections 330 and 331 of Title 11 of the United States Code (the "Bankruptcy Code"), Rule 2016 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), Rule 2016-1 of the Local Bankruptcy Rules for the Southern District of New York (the "Local Rules"), and the Order Establishing Procedures for Interim Compensation and Reimbursement of Expenses of Professionals, dated July 17, 2012 (the "Interim Compensation Order"), MFC seeks final allowance and approval of reasonable compensation in the amount of \$39,535,526 for 63,818.1 hours of professional services rendered to the Examiner, and reimbursement of \$344,747 for actual and necessary expenses and disbursements incurred, for a total of \$39,880,273 for the Final Application Period. Included within these amounts, MFC seeks allowance and approval of reasonable compensation in the amount of \$2,899,686 for 5,102.5 hours of professional services rendered to the Examiner, and reimbursement of \$12,752 for actual and necessary expenses and disbursements incurred, for a total of \$2,912,438 for the Fourth Interim Fee Period.

2. This Fourth and Final Application has been prepared in accordance with the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases effective as of February 5, 2013 (the "Local Guidelines"), and the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 adopted on January 30, 1996 (the "UST Guidelines" and, together with the Local Guidelines, the "Guidelines"). Pursuant to the Guidelines, a certification regarding compliance with same is attached as **Exhibit K**.

JURISDICTION AND VENUE

3. This Court has jurisdiction over the Application pursuant to sections 157 and 1334 of Title 28 of the United States Code ("Title 28"). This matter is a core proceeding under section 157(b) of Title 28. Venue of this Application in this District is proper under 28 U.S.C. sections 1408 and 1409. The statutory predicates for the relief requested herein are sections 330, 331 and 503(b) of the Bankruptcy Code, Rule 2016 of the Bankruptcy Rules and Rule 2016-1 of the Local Rules.

BACKGROUND

4. The Debtors filed voluntary petitions under chapter 11 of the Bankruptcy Code on May 14, 2012, after which the Court authorized joint administration of the cases. The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

5. On June 4, 2012, Berkshire Hathaway, Inc. filed a motion (the "Examiner Motion") for the appointment of an examiner pursuant to section 1104(c) of the Bankruptcy Code. On June 20, 2012, the Court issued a memorandum opinion and order granting the Examiner Motion (the "Memorandum Decision"). On June 28, 2012, the Court entered the *Order Directing the Appointment of an Examiner Pursuant to Section 1104(c) of the Bankruptcy Code* (the "Examiner Order").

6. On July 3, 2012, the United States Trustee for the Southern District of New York appointed Arthur J. Gonzalez as Examiner in the Chapter 11 Cases, subject to Court approval. On that same date, the Court entered an order approving the appointment.

7. Pursuant to the Examiner Order and in accordance with the Memorandum Decision, the Examiner was directed to conduct an investigation of a scope, timing, and budget to

be set by the Court after the Examiner had conferred with other parties in interest. After the requisite consultations, the Court mandated that the Examiner conduct an investigation covering the topics set forth in the *Order Approving Scope of Investigation of Arthur J. Gonzalez, Examiner*, dated July 27, 2012 (the "Scope Order").

8. The Examiner filed the *Work Plan of Arthur J. Gonzalez, Examiner* on August 6, 2012 (the "Initial Work Plan") and filed supplements thereto on August 23, 2012 (the "First Supplemental Work Plan"), November 26, 2012 (the "Second Supplemental Work Plan"), February 8, 2013 (the "Third Supplemental Work Plan") and April 5, 2013 (the "Fourth Supplemental Work Plan") (collectively, the "Supplemental Work Plans"). The Initial Work Plan indicated that the Examiner believed that a realistic time frame for the preparation of a report containing his findings regarding the investigation was six months (*i.e.*, report issuance in early February, 2013), subject to adjustment after meaningful due diligence. The Initial Work Plan further noted that the Examiner was not yet able to assess the full scope of the efforts he would need to undertake, did not yet know when requested discovery would be produced, and did not yet know whether and to what extent he would obtain cooperation on document production and access to persons he believed were material witnesses. The Supplemental Work Plans cited factors including the extent and timing of document productions by parties-in-interest and the schedules for witness interviews as factors necessitating that the deadline be extended first to early April, 2013, and then by one additional month to May, 2013, as well as the correlative effect on the estimated fees and expenses to be incurred by the Examiner and his professionals.

9. On May 13, 2013, the Examiner filed his report under seal (the "Examiner's Report"). On June 26, 2013, the Bankruptcy Court entered its *Order Unsealing the Examiner's Report*. Further, on June 26, 2013, the Bankruptcy Court entered the *Order*

Authorizing the Debtors' Motion to Enter Into a Plan Support Agreement with Ally Financial Inc., The Creditors' Committee, and Certain Consenting Claimants.

10. On July 3, 2013, the Debtors filed the *Joint Chapter 11 Plan Proposed by Residential Capital, LLC et al. and the Official Committee of Unsecured Creditors* and the related disclosure statement (the "Plan" and the "Disclosure Statement," respectively). On November 12, 2013, the Debtors filed the *First Amended Joint Chapter 11 Plan Proposed by Residential Capital, LLC et al. and the Official Committee of Unsecured Creditors* (the "Amended Plan"). The hearing to consider confirmation of the Amended Plan is currently scheduled for November 19 through 26, 2013.

11. On September 24, 2013, the Court entered the *Order Approving Examiner's Motion for Entry of Order Granting Discharge from Duties, Relief from Discovery, Approval of Disposition of Investigative Materials, and Exculpation in Connection with Duties* (the "Discharge Order").

12. On October 25, 2013, the Debtors filed their Monthly Operating Report ("MOR") for the period from September 1, 2013 through September 30, 2013, indicating that the Debtors had cash and equivalents of approximately \$1.5 billion, total assets of approximately \$3.1 billion, and liabilities not subject to compromise of approximately \$805 million. The MOR indicated that the Debtors are not delinquent in paying any United States Trustee fees.

RETENTION AND COMPENSATION OF MFC

13. MFC, a full service financial advisory consulting firm, provides corporate recovery, litigation, investigative and intelligence services, valuation services, interim management services, and distressed M&A and capital raising services.

14. On August 13, 2012, the Examiner filed the *Application of the Examiner for Order Authorizing the Retention and Employment of Mesirow Financial Consulting, LLC as Financial Advisor to Examiner nunc pro tunc to July 24, 2012* (the “Employment Application”). On August 29, 2012, this Court entered an Order authorizing the retention and employment of MFC (the “Retention Order”).

15. MFC’s requested compensation for professional services rendered to the Examiner is based upon the hours actually expended by each assigned staff member at each staff member’s hourly billing rate. The hourly rates included in the Employment Application and applicable herein for financial advisory services rendered by MFC during the Final Application Period are as follows:

Level	Hourly Rates
CEO, Senior Managing Director, Managing Director and Director	\$855-\$895
Senior Vice President	\$695-\$755
Vice President	\$595-\$655
Senior Associate	\$495-\$555
Associate	\$315-\$425
Paraprofessional	\$160-\$250

16. MFC’s Employment Application indicated that hourly rates were subject to periodic adjustment (typically on January 1 of each year) to reflect economic and other conditions. The Retention Order required that, prior to any changes in MFC’s rates, MFC was to file a supplemental affidavit with the Court and provide ten business days’ notice to the Debtors, the United States Trustee and any official committee.³

³ MFC followed this procedure and was granted the requested relief in cases in this and other districts, including AMR Corporation, *et al.*

17. As of January 1, 2013, MFC's normal and customary hourly rates changed to the following:

Level	Hourly Rates
CEO, Senior Managing Director, Managing Director and Director	\$895-\$950
Senior Vice President	\$725-\$795
Vice President	\$625-\$695
Senior Associate	\$495-\$595
Associate	\$295-\$445
Paraprofessional	\$160-\$250

18. At the request of the Examiner, based on the specific facts and circumstances of this case, MFC agreed to continue utilizing its 2012 rate structure and not to increase the hourly rates charged in this matter to the normal and customary billing rates outlined above as of January 1, 2013. As a result of this accommodation, the requested fees for the Final Application Period reflect a significant voluntary reduction of approximately \$1,165,000. The hourly rates of certain individuals increased on April 1, 2013 as a result of promotions and maturation increases that went into effect at the beginning of MFC's fiscal year. Any such increases were consistent with the 2012 rate structure as agreed with the Examiner and described above.

Finally, MFC agreed to additional reductions of \$101,977 in fees and \$64,421 in expenses in settlement of the *Omnibus Objection of the United States Trustee Regarding Fee Applications for Third Interim Compensation and Reimbursement of Expenses* filed August 28, 2013. Interim Fee Period for each category, including the hours necessarily incurred with respect to each task and the resultant fees.

31. The following is a summary of the services provided by MFC professionals and paraprofessionals during the Fourth Interim Fee Period, by category:

a. Case Administration / General Bankruptcy Matters

Fees: \$31,873 Hours: 92.3

During the Fourth Interim Fee Period, MFC performed various general and administrative tasks to support its work on this engagement. MFC addressed knowledge management and technology matters and provided ongoing support of Synthesis, an MFC proprietary web-based analytical tool designed to synthesize and analyze data and information, manage workflows, and coordinate engagement activities. MFC also performed various tasks associated with the conclusion of its work in this matter, such as the preparation of work papers documenting the work performed and consultation with counsel relative to the Discharge Order.

b. Document Review and Analysis

Fees: \$259,424 Hours: 431.8

During the Fourth Interim Fee Period, MFC performed final reviews and concluded its analyses of information from a number of sources in support of a broad range of quantitative and qualitative issues relevant to the scope of the Examiner's investigation. MFC continued to receive additional documents during the Fourth Interim Fee Period from various constituents pursuant to production requests. MFC transaction teams completed various detailed analyses of numerous pre-petition and post-petition transactions between or among the Debtors and Ally Financial, Inc. ("AFI"), Cerberus or their direct or indirect affiliates or subsidiaries, and issues related thereto, including but not limited to the following:

- transfers of cash, assets, property, stock, contracts, or other items of value including any servicing agreements, repurchase transactions, exchange offers, hedging arrangements, derivative agreements or contracts, swap agreements or contracts, or foreign exchange agreements or contracts;
- payments, dividends, or capital contributions;
- extensions of loans or lines of credit, including factoring arrangements;
- debt, or liens related thereto, or the transfer, assignment, repayment, or forgiveness of such debt;
- claims and payments made on account of such claims;
- negotiation and entry into plan sponsor, plan support, or settlement agreement;
- the debtor-in-possession financing with AFI;
- the stalking horse asset purchase agreement with AFI;
- the post-petition servicing agreements with Ally Bank;
- activities of the Debtors' officers and board of directors concerning pre-petition and post-petition transactions and agreements;
- the Debtors' decision to file (or to refrain from filing, or delaying the filing of) voluntary petitions under Chapter 11 of the United States Bankruptcy Code;
- the Debtors' decisions to pursue (or refrain from pursuing) a sale of substantially all of their assets; and
- the financial and related foundational aspects of state and federal law claims or causes of action of the Debtors against current or former directors and officers of the Debtors, and against AFI and/or its insiders including current and former directors, officers, and shareholders, including but not limited to the following:
 - preference and fraudulent transfer claims,
 - equitable subordination claims,
 - alter ego and veil piercing claims,
 - debt recharacterization claims,
 - constructive trust and unjust enrichment claims,

- breach of fiduciary duty and aiding and abetting breach of fiduciary duty claims,
- securities law claims,
- claims held by third parties, *i.e.*, parties that are not affiliates of the Debtors, and
- the value of the releases contemplated by the Debtors.

The complexity and scope of the transactions required that MFC perform discrete quantitative financial, accounting, tax, economic, and valuation analyses of transactions occurring over a period exceeding seven years, as well as qualitative analyses as to ResCap's decision making process and governance. MFC produced numerous analyses summarizing the financial aspects of many of the transactions under review, including analytical support regarding reasonably equivalent value, damages, and quantitative aspects of certain liability assessments. MFC also contributed specialized industry knowledge necessary to document and analyze practices specific to operating a business that originates, services, and securitizes residential mortgage loans, as well as litigation attendant therewith. Further, because a thorough analysis of ResCap's financial condition is a central underpinning of many of these investigatory areas, MFC's work included assessing balance sheet solvency, adequacy of capital, and ability to pay debts as they became due over the relevant time periods for the Debtors and key subsidiaries.

c. Fee / Retention Applications

Fees: \$158,145 Hours: 658.0

This category includes the preparation of the detailed monthly statements and interim fee applications, as required, to comply with the Bankruptcy Code, the Bankruptcy Rules, the Guidelines, the Interim Compensation Order and other guidelines governing the payment of professionals in these cases. In this regard, MFC undertook analyses and reconciliations of time

and expenses incurred in the Third and Fourth Interim Fee Periods, and prepared the monthly fee statements for February through August 2013. MFC prepared both redacted and unredacted versions of the time detail attached to its monthly fee statements to ensure that investigation details and strategy were not inappropriately disclosed to any case party. MFC also prepared the Third Interim Application and initiated preparation of the Fourth and Final Application, including both narrative and exhibits. While MFC responded to the *Omnibus Objection of the United States Trustee Regarding Fee Applications for Third Interim Compensation and Reimbursement of Expenses* filed August 28, 2013, as well as informal inquiries about fee-related issues from certain creditors, the hours and related fees have not been included in this Application. MFC voluntarily reduced fees related to the preparation of its monthly fee statements in the Fourth Interim Fee Period by \$52,714, or 25% of the total fees incurred in this category.

d. Report Drafting

Fees: \$2,127,178 Hours: 3,489.4

MFC's primary time and efforts in the Fourth Interim Fee Period were focused on drafting the Examiner's Report. The report, which was filed under seal on May 13, 2013, comprised over 2,200 pages and contained approximately 9,500 footnotes, 180 exhibits, and 58 appendices. The report included analyses of every material transaction between and among ResCap, AFI, and their corporate affiliates over a seven-year period, involving complicated financings, asset sales, mortgage-backed securities, derivatives and swaps, among other areas of investigation. The Examiner's Report provided determinations on every material transaction and business dealing and its impact on the overall potential claims implicated thereby.

MFC had primary responsibility for drafting certain report sections, including those addressing macroeconomic, industry, and capital markets developments and their impact on

ResCap and other affiliated entities; the financial condition and solvency of ResCap and its major subsidiaries, GMAC Mortgage and Residential Funding Company; the reasonably equivalent value exchanged in transactions involving Ally Bank and other asset sales; and the financial, tax, and accounting impacts of various other pre-petition and post-petition transactions. MFC had joint or secondary responsibility with its Chadbourne counterparts for developing the factual record, describing the bases of the potential claims, and drafting or reviewing the remaining report sections, including, but not limited to, significant assistance with summarizing the investigations of the board of directors and third-party claims. MFC also was primarily responsible for preparing report exhibits and appendices, including detailed tables, figures, charts, and graphs. MFC formed a team that developed and implemented a consistent presentation and formatting protocol for the exhibits and appendices, including interfacing with Chadbourne and the third-party vendor that collated and typeset the report. MFC performed extensive quality control reviews and data, footnote, and cite checking of the report text, exhibits, and appendices to verify content and utilize formatting consistent with the report glossary and style guide. Certain MFC professionals served with Chadbourne attorneys on the report finalization team which worked on-site at the third-party vendor's location to coordinate final changes and perform quality control procedures on the report during its final week of production. Finally, MFC completed its workpapers documenting and supporting the analyses and information included in the Examiner's Report.

e. Substantive Investigation Planning and Coordination

Fees: \$286,386

Hours: 350.2

During the Fourth Interim Fee Period, MFC communicated and met with the Examiner and Chadbourne to evaluate the results of the factual investigation and analyses performed, to

coalesce around the theories and evidence that supported or refuted the likelihood that any given cause of action would prevail, and to reflect those conclusions in the Examiner's Report. Weekly update calls between Chadbourne and MFC as well as weekly calls among Chadbourne, MFC, and the Examiner continued through report issuance. MFC's various transaction and functional teams, as well as the engagement leadership team, spoke or met regularly to plan and coordinate work, assess progress, finalize the document reviews and analyses underway, and complete preparation of the Examiner's Report. MFC participated in numerous ancillary discussions within the various transaction teams and between these teams and the Chadbourne attorneys responsible for defining and developing the basis for each cause of action. Efforts were led by approximately eleven different substantive teams, including members from both MFC and Chadbourne, investigating over 30 different transactions. Given the enormity of the investigation (during the course of the entire investigation, over nine million pages of documents were reviewed, 99 days of interviews were conducted, and 66 third-party meetings were held), the teams met routinely to discuss the status of their analyses and to share relevant findings from the investigation. The Fourth Interim Fee Period also included a number of internal MFC working sessions dedicated to drafting the report and preparing the related exhibits and appendices. Whether internal or with counsel, various meetings and calls had multiple participants to ensure that individuals with different subject matter knowledge, functional areas of expertise, or roles within the transaction and engagement teams were involved and provided with appropriate information and guidance. Given the breadth and complexity of the subject matter and the limited time allotted for the Examiner's investigation, frequent communication within MFC's leadership and project teams, as well as between MFC, Chadbourne, and the Examiner, was critical to ensuring that the investigation progressed effectively, work was coordinated to avoid duplication of effort,

information was disseminated in a timely and efficient manner to appropriate individuals working on a variety of distinct yet interrelated efforts, and, particularly in this final period, that the resultant Examiner's Report could be completed expeditiously, effectively and accurately.

f. Travel Time

Fees: \$18,046 Hours: 52.9

This category includes non-working travel time to attend various case functions and working sessions with counsel and team members. Fees for non-working travel time were reduced by fifty percent (\$18,046), and one-way travel time was generally limited to four (4) hours absent extraordinary circumstances.

g. Witness Interviews and Discovery

Fees: \$18,635 Hours: 27.9

During the Fourth Interim Fee Period, MFC assisted counsel in monitoring, evaluating, and communicating with parties-in-interest regarding responses received in connection various formal and informal document requests as efforts were underway to conclude discovery. MFC also assisted counsel in responding to "clawback" requests involving a total of approximately 17,500 documents throughout the case. Through these requests, the Debtors, AFI, and other parties-in-interest identified documents to which they asserted a privilege or other protection applied subsequent to production pursuant to protective orders entered in this matter. MFC also assisted counsel in identifying necessary information sourced to any of the approximately 3,000 documents designated as "highly confidential" or the almost 100,000 documents designated as "professionals' eyes only" by the producing parties (together, "Protected Documents") and assisted counsel in identifying alternate sources or facilitating usage of relevant information in the Examiner's Report in accordance with the protective orders entered in this matter.

32. Attached as **Exhibit E** hereto is a summary schedule of actual and necessary expenses by category incurred for each monthly period during the Fourth Interim Fee Period. Attached as **Exhibit F** hereto are the detailed descriptions of expenses incurred by each professional and billed to the estate during the Fourth Interim Fee Period for each category. MFC is seeking reimbursement for actual and necessary out of pocket expenses of \$12,752 during the Fourth Interim Fee Period, after the voluntary reductions described herein.

33. MFC has billed airfare only for coach class tickets or the contemporaneous equivalent thereto; has not billed in-town ground transportation; has limited lodging to the lesser of actual cost or \$400 per night; has limited amounts billed for each out of town or overtime meal to the lesser of actual cost or \$20 per person; and has limited charges for copies to the lesser of \$0.10 per page or cost.

**FEES AND EXPENSES INCURRED DURING THE PERIOD
JULY 24, 2012 THROUGH OCTOBER 31, 2013**

34. By this Application, MFC seeks (i) the final allowance of compensation for professional services rendered to the Examiner during the Final Application Period extending from July 24, 2012 through October 31, 2013, in the amount of \$39,535,526 and (ii) final approval of reimbursement of actual and necessary expenses incurred by MFC during the Final Application Period in the amount of \$344,747. During the Final Application Period, MFC professionals and paraprofessionals expended a total of 63,818.1 hours for which compensation is requested. The blended hourly rate for all services during the Final Application Period was \$620. MFC's average hourly rate including the 1,375.4 voluntarily reduced hours described in further detail below was \$606.

35. MFC has received interim payments of \$34,656,969 to date, as allowed and approved by the Court on an interim basis or paid pursuant to the Interim Compensation Order.

MFC is owed \$5,210,553 in fees and \$12,752 in expenses, for a total of \$5,223,305, subject to final allowance and approval of the Court.

36. During the Final Application Period, other than pursuant to the Interim Compensation Order, MFC has received no payment and no promises for payment from any source for services rendered or to be rendered in any capacity whatsoever in connection with the matters covered in this Fourth and Final Application. No agreement or understanding exists between MFC and any other person for the sharing of compensation to be received for services rendered in, or in connection with, these cases.

37. Attached as **Exhibit G** are the names, positions, hourly rates, and a summary of hours charged for the professionals whose services were billed in connection with these cases for the Final Application Period. Attached as **Exhibit H** is a summary schedule of hours charged and fees incurred by professional for each quarterly application period during the Final Application Period. Attached as **Exhibit I** is a summary schedule of hours charged and fees incurred by category of services for each quarterly application period during the Final Application Period. Attached as **Exhibit J** is a summary schedule of actual and necessary expenses incurred for each quarterly application period during the Final Application Period.

38. The Examiner's Report was the culmination of a ten-month investigation that identified a myriad of causes of action, potentially worth billions of dollars, arising from dozens of transactions involving ResCap, AFI, Ally Bank, Cerberus and other affiliated parties. The interim fee applications filed by MFC in this matter include detailed descriptions of the services performed and are incorporated herein by reference.

39. MFC performed the professional services described herein at the request and direction of the Examiner and his counsel, and closely coordinated such services with the

Examiner and his counsel to avoid duplication of effort. Communication among MFC, the Examiner, and his counsel has been frequent, and such communication has been critical to ensuring that MFC's work was performed in an efficient and effective manner.

40. All professional services and expenses for which an allowance is requested were performed or incurred by MFC for and on behalf of the Examiner and not on behalf of any other entity or party-in-interest.

41. MFC has made every effort to keep the time expended to the lowest amount practicable and to have the work performed by the least expensive professional capable of performing the tasks.

42. The fees and expenses sought by MFC, except to the extent prohibited by the Guidelines or as otherwise noted herein, are billed in accordance with practices customarily employed by MFC and generally accepted by MFC's clients. MFC's rates are established after a comprehensive review of public information regarding competitors' requested rates of compensation and careful consideration of the marketplace by our senior leadership team, and are routinely and generally applicable to all clients.

43. MFC has made voluntary and other reductions to its fees throughout the course of these Chapter 11 Cases that would not necessarily have been required in other matters, in an amount in excess of \$2,154,000. These reductions are comprised of the following:

- a. As described above, MFC typically implements structural increases to its hourly rates on January 1 and maturation increases on April 1 each year. At the request of the Examiner, MFC did not implement structural increases in the ResCap matter. Therefore, from and after January 1, 2013, MFC charged a lower hourly rate for its work on the ResCap matter than it

generally and customarily charged and collected for its work for other clients. As a result, MFC's has voluntarily reduced the fees requested in the ResCap matter by approximately \$1,165,000 relative to the standard rates to which it was entitled pursuant to the terms of the Retention Order.

- b. MFC applied voluntary discounts to the fees reflected in its fee applications, including the following:
 - i. MFC reduced fees for travel time by 50%, and limited time charged per trip to 4.0 hours, resulting in a reduction of approximately \$399,000;
 - ii. MFC reduced fees related to the preparation of its retention application by 75%, or approximately \$84,000; and
 - iii. MFC reduced fees related to the preparation of its fee statements in the Fourth Interim Fee Period by approximately \$53,000.
- c. MFC deducted approximately \$253,000 from fees reflected in its fee applications to address issues raised by the United States Trustee, such as charges related to billing and budgeting, "vague" time entries, and other reductions that MFC would not necessarily or typically have been asked for (or agreed to) in non-bankruptcy matters.
- d. MFC also did not include or request compensation in its fee applications for approximately \$200,000 in other fees incurred in connection with the ResCap matter for which MFC would not necessarily or typically have been asked for (or agreed to) reductions in non-bankruptcy matters, such as

fees incurred in responding to the United States Trustee's fee objections and fees incurred by transitory timekeepers.⁵

44. MFC has made voluntary and other reductions to its expenses throughout the course of these Chapter 11 Cases that would not necessarily have been required in other matters, in an amount in excess of \$133,000. These reductions are comprised of the following:

- a. MFC deducted approximately \$66,000 from expenses reflected in its fee applications to address issues raised by the United States Trustee, such as certain travel to New York by professionals based outside of New York, documentation of General Order M-447 compliance, and related items.
- b. MFC also did not include or request reimbursement in its fee applications for approximately \$67,000 in other expenses incurred in connection with the ResCap matter for which MFC would not necessarily or typically have been asked for (or agreed to) reductions in non-bankruptcy matters,⁶ such as the following:
 - i. Approximately \$24,000 in expenses previously reflected in the May 2013 fee statement for travel to New York for professionals based outside of New York;
 - ii. Approximately \$20,000 in lodging in excess of \$400 per room;
 - iii. Approximately \$11,000 in meals in excess of \$20 per person;
 - iv. Approximately \$8,000 in outsourced printing in excess of \$0.10 per page; and

⁵ In total, MFC did not include or request compensation in its fee applications for approximately 1,375.4 hours and \$664,000 in other fees incurred in connection with the ResCap matter.

⁶ In total, MFC did not include or request reimbursement in its fee applications for approximately \$102,000 in other expenses incurred in connection with the ResCap matter.

v. Approximately \$4,000 in local and overtime/weekend ground transportation.

45. When the concessions and reductions described in the preceding two paragraphs are included, MFC has reduced its fees and expenses requested in these Chapter 11 Cases by an aggregate of at least \$2,287,000, or approximately 5.5% of the fees that MFC would have billed had it applied the standard non-bankruptcy hourly rates and billing practices.

46. Based on the factors set forth above, the amounts requested by MFC are fair and reasonable given: (i) the time and labor required; (ii) the novelty, complexity and size of these Chapter 11 Cases; (iii) the time and labor required to provide financial advisory services to the Examiner; (iv) the time limitations imposed on the Examiner; (v) the nature and extent of the services rendered; (vi) MFC's experience, reputation and ability; (vii) the value of MFC's services; (viii) the fact that MFC's fees are based on the customary compensation charged by comparably skilled practitioners in cases other than in chapter 11; and (ix) the fact that MFC's fees are consistent with those awarded to financial advisors in chapter 11 cases of a similar size and complexity.

NOTICE AND NO PRIOR APPLICATION

47. Notice of this Application and of the hearing with respect hereto has been served upon the parties specified in the Interim Compensation Order in the manner required thereby. In light of the nature of the relief requested herein, MFC submits that no further or other notice is required.

48. No previous application for relief sought herein has been made to this or any other court.

FUTURE ACTIVITIES

49. MFC also respectfully requests that it be authorized to seek compensation for any reasonable fees for professional services rendered and reimbursement of actual and necessary expenses incurred, in each case after October 31, 2013 and prior to the effective date of any plan of reorganization of the Debtors, in connection with, among other things, any cooperation, assistance to the Examiner or his counsel, responses to discovery requests or otherwise, or other services consistent with its role as financial adviser to the Examiner, which payment and reimbursement shall be sought pursuant to further application to the Court.

CONCLUSION

WHEREFORE, MFC respectfully requests that this Court issue and enter an order (i) authorizing final compensation in the amount of \$39,535,526 for professional services rendered and final reimbursement for actual and necessary expenses incurred in connection therewith in the amount of \$344,747 during the Final Application Period, for total fees and expenses of \$39,880,273, with such total including \$2,899,686 for compensation for professional services rendered and \$12,752 for reimbursement of actual and necessary expenses incurred during the Fourth Interim Fee Period; (ii) authorizing and directing the Debtors to remit payment to MFC as set forth herein, less all amounts previously paid on account of such fees and expenses; and (iii) granting such other and further relief as this Court deems just and proper.
